WHAT IS THE PURPOSE OF THE PROCESSING?

We process your data with the purpose of following up on your requests regarding personal data. In order to protect the confidentiality of the data communicated, to offer them adequate protection and in order to minimize the data being processed, the personal data communicated will be subject to recording, storage and processing in accordance with the security measures adopted. These arrangements are intended to put in place appropriate measures to protect the rights and freedoms of data subjects from possible access by unauthorized parties.
